

TOOL BAR FOR ADOBE ACROBAT

EACH BUTTON REQUIRES A SINGLE CLICK WITH THE LEFT MOUSE BUTTON

 **ADOBE ACROBAT** is used in parallel with FleetCross software to show illustrations. Only the necessary buttons have been selected and explained below.

 **PRINT** This function allows the printing of an illustration. Selecting this button will initiate the printer set up screen to allow the selection of a printer. A print window will appear allowing a printer to be selected. A preview is available and can be manipulated.

 **FIND** This button is only used for diagnostics where no appropriate service information has been found by other means. It is a last resort of searching for a word or number in the book section being viewed.

 **SEARCH** This button is only used for diagnostics where no appropriate service information has been found by other means. It is a last resort of searching for a word combination or number across all books in the library for a vehicle model.

 **FIRST PAGE** Selecting this button will allow you to return to the first page of the book section being viewed.

 **PREVIOUS PAGE** Selecting this button will allow you to return to the previous page viewed in the book section.

 **NEXT PAGE** Selecting this button will allow you to go to the next page of the book section being viewed.

 **LAST PAGE** Selecting this button will allow you to go to the last page in the book section being viewed.

 **PREVIOUS VIEW** Selecting this button will allow you to go to the **previously viewed screen** within the book series being viewed.

 **NEXT VIEW** Selecting this button will allow you to return to the page you were on when the **PREVIOUS VIEW** was selected.

 **HAND TOOL** Selecting this button will allow you to move your cursor over the page you are viewing.

 **POINTING FINGER** As you move the **HAND TOOL** over the page, it will change to a hand with a pointing finger. When the pointing finger appears, click on your choice. This will take you to the index or page you select.

 **ZOOM IN** Selecting this button will allow you to enlarge a part of the page (for greater visibility). First click on the **ZOOM IN** button. Then go to the exact part of the page you wish to enlarge and left click with your mouse button. Cancel the zoom by clicking on the  **HAND TOOL**.

 **ZOOM OUT** Selecting this button will allow you to return the enlarged page back to its regular size. First click on the **ZOOM OUT** button. Then click on the page until it returns to its regular size. Cancel the zoom by clicking on the  **HAND TOOL**.

 **TEXT TOOL** Selecting this button will allow you to highlight part numbers that you would like to copy and paste into **FLEETCROSS**. You only need to click on this once. It will remain active until **ACROBAT** is closed.

 **CLOSE ACROBAT** Click on this button each time when you are finished using **ACROBAT**. Otherwise, too many **ACROBAT** screens will remain open and eventually no more screen openings will be allowed.

 **FLEETCROSS** Click on this button at the bottom of the screen to return to the last screen you were using in **FLEETCROSS**. Doing so allows you to work back and forth (toggle) between **FLEETCROSS** software and **ACROBAT** Illustrations.
