		te: if you intend to submit TDTIMS for an alternate database (such as SN), then will need to re-run the TDTIMS processor NT v2018-2019 for that database as I.	
11		If successful, the program will create a folder containing the files you need to submit. Example folder might be: C:\TDTIMS1819_xxx (where xxx is your LEA #) If you have a SN database: C:\TDTIMS1819_xxxSN (where xxx is your LEA#)

When you are ready to submit your reports – on or before November 9, 2018:			
	_	Sign and Scan/Email or Fax the audit sheet to your Project Leader (ITRE: 919-515-7924 or UNCC: 704-687-5327)	
	_	Mail the original, signed audit sheet to Kevin Harrison, 6319 Mail Service Center, Raleigh, NC 27699-6319	
	-	In the past, you would transfer your data to UNCC via Coreftp. As that option no longer exists, notify your project leaders (via email) when finished and they will collect the data from your server.	
	-	TIMS Project Leaders would like to check your data as soon as possible to ensure all is correct and present within the folder you uploaded. Please do not move forward with normal route updates and changes after TDTIMS until your Project Leader has had a chance to review and verify that all is correct. This will prevent us from having to restore data to rerun a report or file that may have been missed.
