SCHOOL BUS

COMPREHENSIVE TRAINING TO OPERATE AND MAINTAIN YOUR IC BUS VEHICLES FOR OPTIMUM UPTIME AND REDUCED MAINTENANCE COSTS

IC Bus's advanced vehicle technologies call for comprehensive training in service systems, maintenance and repair procedures. That is why we provide a comprehensive suite of training courses delivered through our own web-based education portal.

FEATURES AND BENEFITS

CONVENIENT ACCESS

Each student receives an individual user name and password for access to the training site from any internet enabled computer. Simply log-in and begin your training.

LEARNING IS EFFICIENT

Courses explain proper procedures and show best practices in action. Learning is verified with tests given at regular intervals to insure comprehension before new topics are introduced.

COMPLETION CERTIFICATES

Upon successful course completion, students can print personalized certificates to display and as a record of completion. Progress for all courses taken and completed will be tracked by the system.
