PUBLIC SCHOOLS OF NORTH CAROLINA

DEPARTMENT OF PUBLIC INSTRUCTION | Catherine Truitt, *Superintendent of Public Instruction*

WWW.DPI.NC.GOV

November 17, 2023

North Carolina pupil transportation professionals respond daily to a large variety of circumstances and challenges as they provide an essential service to over 750,000 students. Some districts serve large geographic areas; others serve relatively small areas. There are populous, rapidly growing urban districts and very rural ones, some of which are seeing population loss. Such disparate conditions have a large impact on the ability of the State to provide a uniform level of transportation service across Public School Units (PSUs). In addition to variations in geography and demography, variations in local policy affect the everyday experiences of students as they travel to and from school.

One of the most important school bus route managements tools available to a PSU is the Transportation Information Management System (TIMS). TIMS, a systems initiative of the North Carolina Department of Public Instruction, provides a PSU with a digital, geographic planning tool for student transportation. It features important optimization tools that can be used to improve the efficiency of transportation services. Use of TIMS (or another approved system) is required of all PSUs by G.S. 115C-240(d).

In addition to the benefit derived from the optimization tools, uniform reporting from TIMS makes possible the production of PSU-level and statewide data. In this document, data from providers and local policy makers a tool that will help them assess the quality of the services they provide. In this, its fifteenth year, the report continues to provide detailed data on service and operations that are available from no other source. We trust that this information will be useful to PSUs in the transportation planning process.

We want to express appreciation to the TIMS coordinators and data managers statewide who maintain this information, provided as part of an annual PSU data submissions. Further, the TIMS support staff at the UNC Charlotte Urban Institute and the Institute for Transportation Research and Education at NC State University are to be commended for their ongoing support and coordination in the compilation of these data.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

Changes to the NC Pupil Transportation Service Indicator Data

NEW REPORT DESIGN, DATA POINTS AND STUDENT MEASURES FOR EACH PSU

Beginning with data from the 2019-2020 school year, the new Service Indicators Report provides much more detailed information about planned school bus routes and student ridership within each PSU across NC. In addition to many of the measures within previous reports, the new version of the Service Indicators now provides statewide data tables and individual PSU measures for both the overall School Bus Fleet as well as various Student Ridership stats and information.

SCHOOL BUS ROUTES DATA TABLE

The School Bus Routes Table provides the number of Planned Bus Route in Daily Operation, Daily Miles, Total AM\PM Trips, Trips per Bus, Miles per Bus, Total Students, Total Riders, Ridership Percentages and Ridership Counts per Bus.

AM\PM BUS RIDER STATISTICS TABLE

The AM\PM Bus Rider Statistics Table provides numerous measures related to pupil transportation operations including Total Students, Total Riders, Ridership Percentages, Riders with Door\Driveway Stops, Door Stop Percentage, Average Distance to Stop, Earliest AM Stop Time\Latest PM Stop Time as well as the Averages, 75th and 95th percentiles measures for both Ride Time and Rider Distance to School.

BUS RIDER STATISTICS BY COHORT GROUPS

Each measure within the AM\PM Bus Rider Statistics Table are provided for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

NC TOTALS, NC25, NC50 AND NC75 MEASURES

For the NC25, NC50 and NC75 measures; each PSU Level variable was sorted Lowest to Highest and the corresponding data point is reported at the 25th, 50th and 75th percentile. Where possible, NC Totals are actual statewide totals but some measures are better reflected by reporting the statewide median of the PSU Variables.

Example: if NC50 shows an Average Ride Time of 33min, this means that half of PSUs have an average ride time more than 33min and half of PSUs are less than 33min.

Example: if NC25 shows Door Stop Percentage at 33%, this means 25% of PSUs have a door stop percentage less than 33% and 75% of PSUs have a door stop percentage greater than 33%.

Understanding PSU Data Tables

Beginning with data from the 2023-2024 school year, the new Service Indicators Report provides much more detailed information about planned school bus routes and student ridership within each PSU across NC. In addition to many of the measures within previous reports, the new version of the Service Indicators now provides statewide data tables and individual PSU measures for both the overall School Bus Fleet as well as various Student Ridership stats and information.

School Bus Route and Assigned Student Information Table

School Bus Route and Assigned Student Information	Daily	AM	PM
Total Buses	243	237	239
Trips per Bus	5.78	2.9	2.9
Total Miles	26,352.35	13,054.68	13,297.67
Miles per Bus	108.4	55.0	55.63
Total Students	35019	35019	35019
Total Bus Riders	26353	25327	26047
Bus Rider Percent	75.25%	72.32%	74.38%
Riders per Bus	108.4	106.	108.

The new table shown above provides detailed school bus route and general assigned student information for each PSU. The Data in this table are broken down for measures related to Daily Routes, AM Routes and PM Routes.

AM\PM Bus Rider Statistics Table

AM\PM Bus Rider Statistics	AM K-12	PM K-12	AM K-5	PM K-5	AM 6-8	PM 6-8	AM 9-12	PM 9-12

Early AM\Late PM Stop	05:27 AM	06:44 PM	05:46 AM	05:17 PM	06:27 AM	05:36 PM	05:27 AM	06:44 PM
School Arrival\Departure	06:45 AM	04:20 PM	08:10 AM	03:05 PM	06:55 AM	04:15 PM	06:45 AM	04:20 PM
Rider Dist to Sch—Avg	3.57	3.56	2.95	2.93	4.02	4.02	4.02	4.03
Rider Dist to Sch—75%	4.41	4.41	3.88	3.86	5.18	5.18	4.74	4.75
Rider Dist to Sch—95%	8.31	8.29	6.46	6.43	8.85	8.86	9.28	9.35

The new table shown above provides detailed Bus Rider Statistics related to student transportation operations within the PSU. Each measure is aggregated to show various AM and PM stats for All Students (K-12), Elementary School (K-5), Middle School (6-8) and High School (9-12) cohort groups. Reported Measures related to Student Ride Time and School Distance are shown as Averages for each group with each measure also reported at the 75th and 95th percentiles.

State Board of Education
Department of Public Instruction

Total Routes, Daily

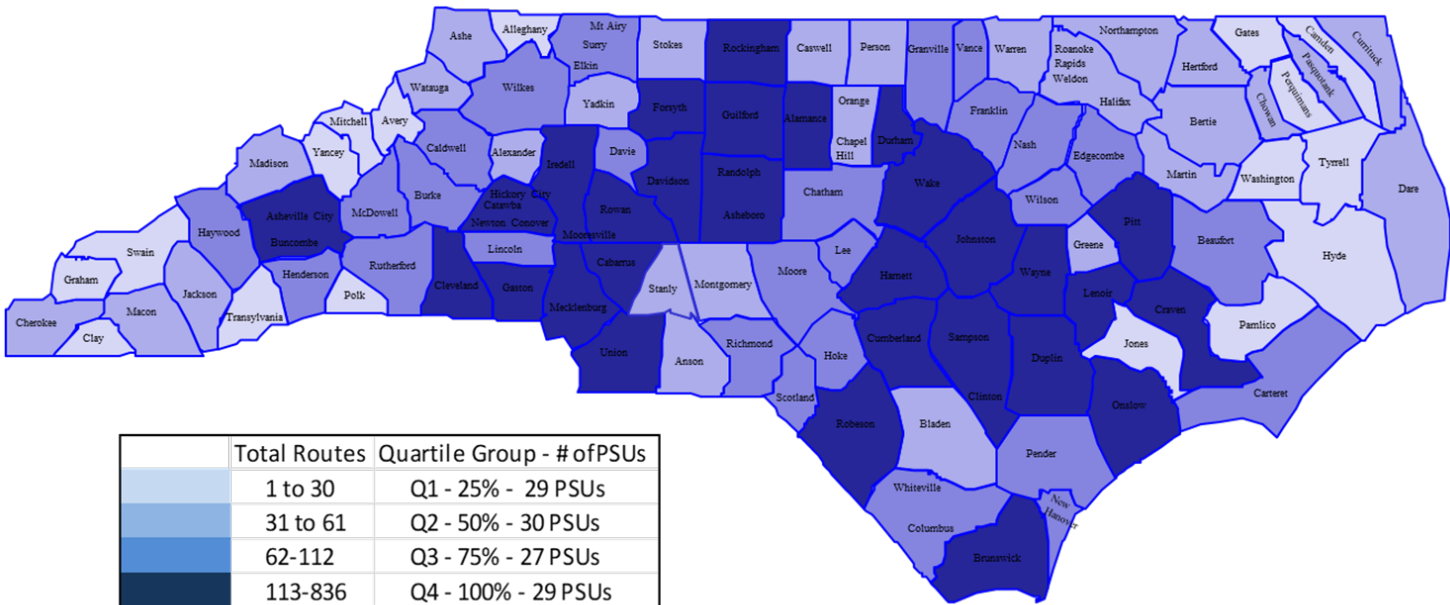

DEFINITIONS

This Indicator represents the reported number of buses operated daily for the 2023-2024 school year. The quartile groupings are based on the distribution of total routes across all 115 PSUs.

The median number of total routes across all 115 PSUs for the 2023-2024 school year was 61 buses, meaning half of PSUs have +\- 61 Buses in Daily Operation.

STATEWIDE QUARTILE RANGES, TOTAL ROUTES		23-24
1st Quartile—25th Percent		1 to 30
2nd Quartile—50th Percent		31 to 61
3rd Quartile—75th Percent		62 to 112
4th Quartile—100th Percent		113 to 826

Total Routes, Daily

Total Routes	Quartile Group - # of PSUs
1 to 30	Q1 - 25% - 29 PSUs
31 to 61	Q2 - 50% - 30 PSUs
62-112	Q3 - 75% - 27 PSUs
113-836	Q4 - 100% - 29 PSUs

Source: North Carolina PSUs, 2023-2024 TDTIMS Data

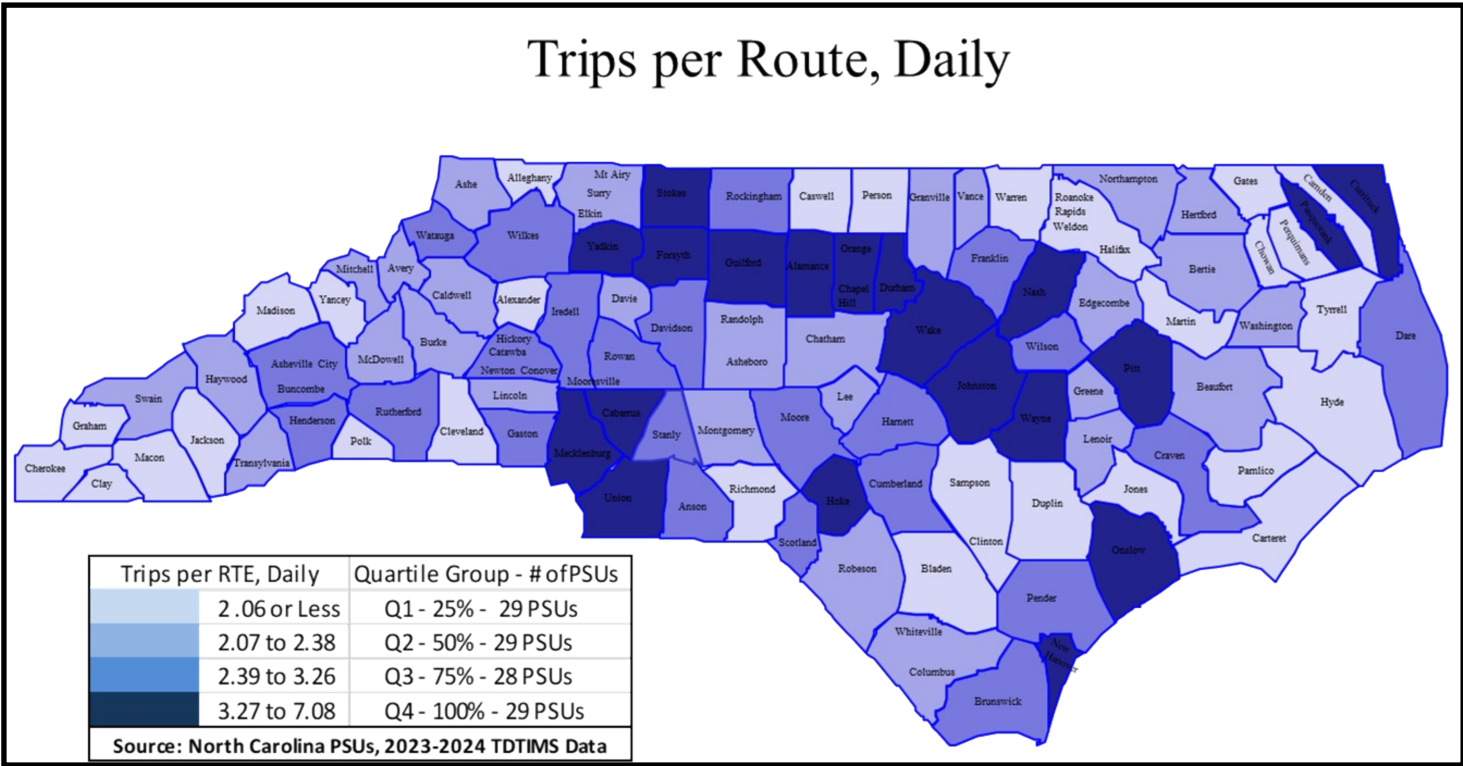

Trips per Route, Daily

DEFINITIONS

This Indicator represents the average number of AM\PM trips performed by a single bus to\from school each day for the 2023-2024 school year. The quartile groupings are based on the distribution of trips per route across all 115 PSUs.

More trips per route typically indicate a multi-tier bell schedule that allows buses to service multiple schools back-to-back both morning and afternoon.

STATEWIDE QUARTILE RANGES, TRIPS PER ROUTE		23-24
1st Quartile—25th Percent		<2.07
2nd Quartile—50th Percent		2.07 to 2.38
3rd Quartile—75th Percent		2.39 to 3.26
4th Quartile—100th Percent		3.26 to 7.08

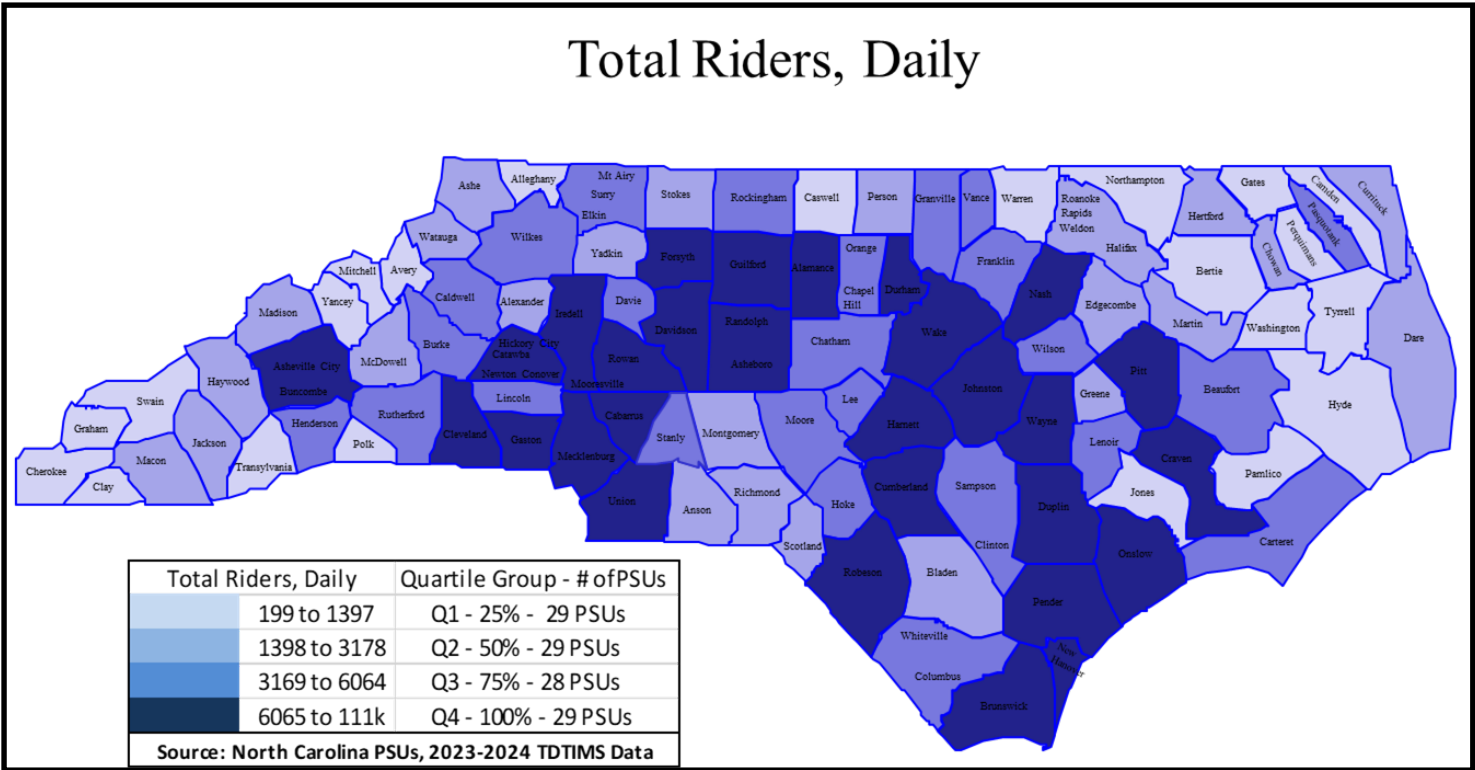

Total Riders, Daily

DEFINITIONS

This Indicator represents the total number of students assigned to a bus route within the routing system for the 2023-2024 school year. The quartile groupings are based on the distribution of total riders per route across all 115 PSUs.

More riders typically indicate a more densely populated PSU.

STATEWIDE QUARTILE RANGES, TOTAL RIDERS		23-24
1st Quartile—25th Percent		199 to 1397
2nd Quartile—50th Percent		1398 to 3178
3rd Quartile—75th Percent		3169 to 6064
4th Quartile—100th Percent		6065 to 111k

Riders per Route, Daily

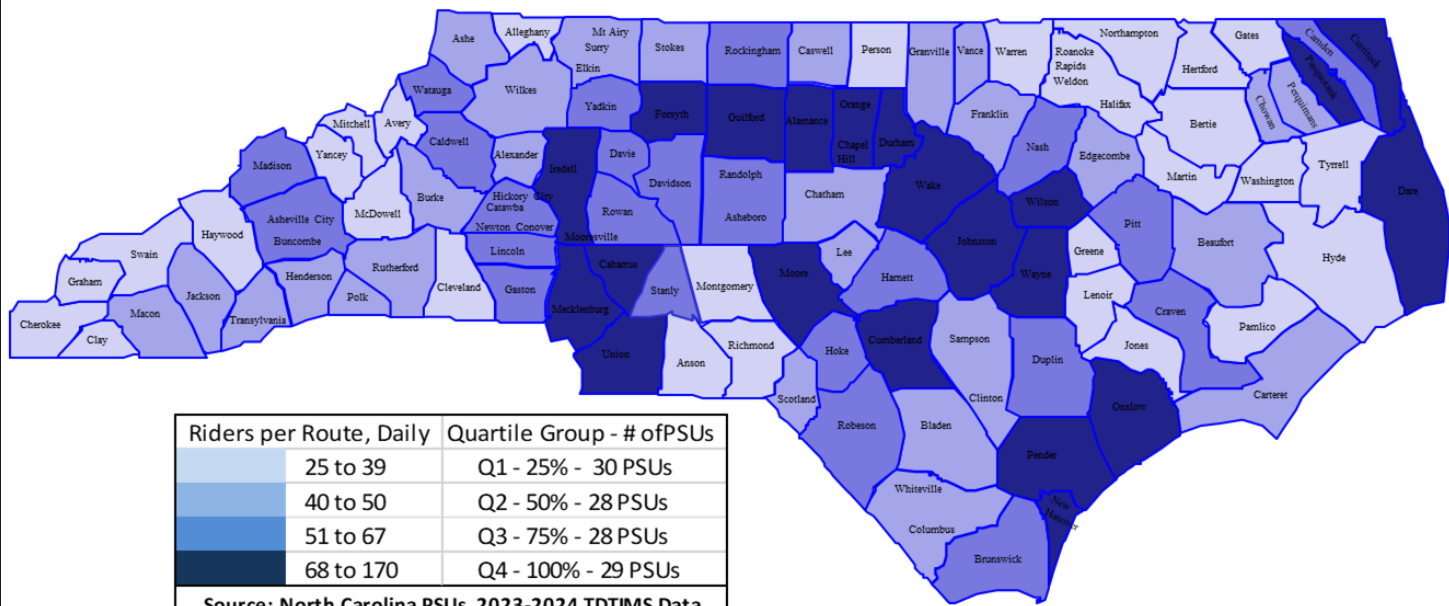

DEFINITIONS

This Indicator represents the total number of students assigned to a bus route divided by the total number of buses within the routing system for the 2023-2024 school year. The quartile groupings are based on the distribution of total riders per route across all 115 PSUs.

In general, PSUs with a higher number of riders per route can be viewed as better utilizing the bus fleet to transport as many students as possible on a single bus. PSUs operating on a single-tier bell time structure cannot typically exceed an average of 50-60 students per day. Therefore, PSUs with 50+ riders per route are often school systems with a multi-tier bell schedule that allows a higher number of trips per route both AM and PM.

STATEWIDE QUARTILE RANGES, RIDERS PER ROUTE		23-24
1st Quartile—25th Percent		25 to 39
2nd Quartile—50th Percent		40 to 50
3rd Quartile—75th Percent		51 to 67
4th Quartile—100th Percent		68 to 170

Riders per Route, Daily

Ridership Percentage, Daily

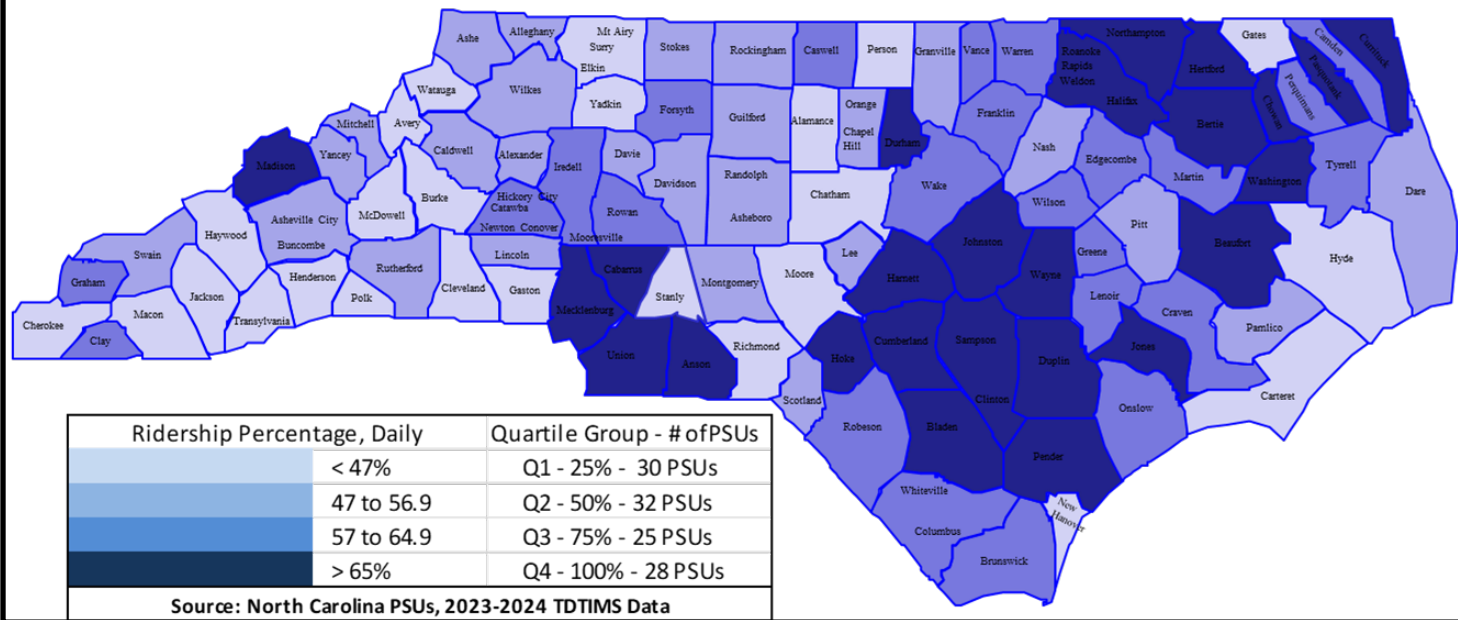

DEFINITIONS

This Indicator represents the total number of students assigned to a bus route divided by the total number of students within the PSU. The quartile groupings are based on the distribution of ridership percentages across all 115 PSUs.

In general, PSUs with a higher or lower percentage of assigned students could be a reflection local data management practices such as assigning nearly all students to buses and letting schools\drivers supply bus rider deassignment lists over the first few weeks\months of the school year. A higher or lower ridership percentage could also suggest a district is more rural\urban or could be a overall reflection of better\worse student transportation services.

STATEWIDE QUARTILE RANGES, RIDERSHIP PERCENTAGE, DAILY		23-24
1st Quartile—25th Percent		< 47%
2nd Quartile—50th Percent		47 to 56.9
3rd Quartile—75th Percent		57 to 64.9
4th Quartile—100th Percent		> 65%

310	Duplin	114	228	2	7245	9232	6104	66.1	53.5
320	Durham	151	876	5.8	18522	30759	21285	69.1	140.
330	Edgecombe	72	167	2.3	6363	4882	3067	62.8	42.5

The values shown for NC25, NC50 and NC75 listings represent the data points at each percentile, sorted Low to High, across all 115 NC PSUs. Example: NC50 reports 61 Bus Routes in Daily Operation. This means that half of all PSUs have +\~ 61 Buses. NC75 shows 112 Routes, meaning 75% of PSUs have 112 Buses or Less. The NC Totals in this chart reflect derived values from the summation across all 115 PSUs reported.

NC25	NC 25th Percentile	30.5	69	2.0	2153	2410.5	1397	46.8	39.6
NC50	NC 50th Percentile	61	165	2.3	4658	5406	3178	56.3	50.5
NC75	NC 75th Percentile	112	297.5	3.3	9132	11796	6084	64.8	67.8

The values shown for NC25, NC50 and NC75 listings represent the data points at each percentile, sorted Low to High, across all 115 NC PSUs. Example: NC50 reports 61 Bus Routes in Daily Operation. This means that half of all PSUs have +\/- 61 Buses. NC75 shows 112 Routes, meaning 75% of PSUs have 112 Buses or Less.

The NC Totals in this chart reflect derived values from the summation across all 115 PSUs reported.

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

Granville County Schools

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

LEA: 440

Haywood County Schools

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

TIMS: Pupil Transportation Service Indicators 2023-2024

LEA: 770

Richmond County Schools

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

TIMS: Pupil Transportation Service Indicators 2023-2024

LEA: 960

Wayne County Public Schools

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

NC 50th Percentile

TIMS Data and Information

Following a successful submission of the Annual TDTIMS Report during the Fall Semester, the School Bus Route and Student Assignment reports from your TIMS Bus Routing Software were cleaned, compiled, analyzed and summarized. The TIMS Pupil Transportation Service Indicators seek to provide relevant data and information about School Bus Ridership in your LEA and Overall Bus Routing Operations for the current school year.

The first table provides information about the total buses, miles and assigned riders by Daily, AM and PM groupings. The second set of tables provides detailed AM and PM bus rider statistics related to School Distances, Stop Distances and Ride Times for All Students (K-12) as well as aggregated summaries for Elementary (K-5), Middle (6-8) and High School (9-12) cohort groups.

School Bus Route and Assigned Student Information	Daily	AM	PM
Total Buses	61	60	59
Trips per Bus	2.38	1.1	1.2
